SAINT GERMAIN'S DISCOURSE ON THE "LOVE STAR"

Sept. 26th, 1932 :: CHICAGO, ILL.

SAINT GERMAIN:

Thou Great Star of Light and Love! we are filled with great rejoicing that Thou dost again, after so long a time, project Thy penetrating Rays of Light upon the earth.

Through Thy Mighty Quality and Power, will the Mighty Light of Christ, the "Mighty I AM Presence," find entrance into the hearts of humanity, holding Thy Anchorage there, that Thou mayest hold and sustain the attention, until the Fulness of the Christ finds Dominion in the hearts of the children of earth.

We give praise with great rejoicing, that the Mighty Creator of all things and Thee has seen fit to shed Thy added Radiance to the children of earth once again.

GREETINGS:

I bring you Greetings from New Friends again.
I bring you Greetings and Hope from the New Radiance.
I bring you Love and Greetings from the Great Host of Light always.

THE DISCOURSE

One of the first things that all students should fix firmly in their consciousness, is the Truth, that they cannot divest their thought, feeling and spoken word of their creative quality and power.

This, firmly held before the consciousness of individuals, will do much and will explain, why it is so important that they control their thought, feeling and spoken word.

Mankind through the centuries has made the great mistake, of focusing the attention upon the human accumulation, instead of the Principle of Life within the individual, the "Mighty I AM Presence," which each one really is.

Even from outer observation, all who stop to think seriously must know that this Principle of Life, which we see everywhere manifest, is eternal and is the Activity of God—the Creator of all things visible and invisible.

Therefore, that Principle of Life within us is ONE in Quality and Power with the Creator of the Universe. Again, may I remind you, that you have for your conscious use ALL the Quality, Power and Activity of the "Mighty I AM Presence"—THE GOD-HEAD.

Then NEVER again forget your Limitless Possibilities. God, the "Mighty I AM Presence," thought, that which you see into form. That same Mighty Inherent Quality is in your thought—today. It is your privilege to use this Inherent Quality in creating Mighty Perfection in your individual world.

In this Mighty Creative Presence and Principle is that "Eternal Omnipresent Opulence." By opulence, I mean money, Love, Light, the Eternal Power of Activity, the Peace and Harmony of the same Quality and Fulness that is in the "Mighty I AM Presence" or Heart of the Great and Mighty Silence—the Great Central Sun.

With your Mighty Power of Free Will, there is naught in the Universe as authority for what you

shall think, feel or say or prevent you thinking, feeling and saying but yourself.

Then awake! Oh Students of Light! into the use —the conscious use—of this Mighty Power, naturally inherent within you.

There is a great mistake that mankind has long made and in bringing it to your attention, I wish to indelibly impress it upon your consciousness. It is this: Through observation, the outer consciousness of mankind has observed things, creation, from the standpoint of growth, when to the Student of Light, it should be looked upon from the standpoint of expansion.

Correct understanding will wipe out of the consciousness this inhibition or idea of growth. Growth, to the outer sense, requires a short or long period of time, according to one's comprehension or attitude toward it.

The idea of expansion will enable the individual consciousness to feel its liberty and freedom more quickly—now. It is our privilege to express and use the completed, perfected, form of the object, article or substance, which we wish to use.

This consciousness of expansion came about, through the recognition of expansion of the "Mighty I AM Presence"—the ALL-POWERFUL PRINCIPLE of LIFE—which animates, governs and directs the outer form.

It is time now, that individuals erase from their consciousness the idea of growth, which signifies more or less time, and enter into their God-given Freedom through expansion. Then live, move and BE that Fulness and Freedom in and of all things, which is everyone's birthright.

I will make a personal effort with whoever contacts this instruction, to assist all to erase from

their consciousness the idea of time and growth and to enter into the expansion of that Great God-Self, the "Mighty I AM Presence," wherein all they require or wish to bring into expression and use, is already within their worlds, awaiting their ability to open the door and call it forth.

Everyone, whom this instruction reaches, will have the ability to do this, with the assistance which will be given. We must come to the point, where the outer and the Inner are ONE and the recognition of this expansion of the God-Self, the "Mighty I AM Presence," is that ONENESS; or rather, the true ONENESS will come through this recognition.

There are a few individuals, who have recognized in a small way, that they now live and move in their own Perfected Worlds. The idea or consciousness, that there seems to have been a past, a present and possibly a future, has led the outer activity of the mind deep into the consciousness of growth.

The realization of the expansion of the "Mighty I AM Presence" in the individual, will enable all who get it to enter in and use this Perfect Kingdom with enormously greater speed and certainty. The students will be able to enter more fully into its great use.

Beloved students! try to realize with great intensity, that this Energy, which you are using every day even to lift your hand, has inherent within it, the Mighty Intelligence, Power and Activity of God—the "Mighty I AM Presence." Not having been aware of this tremendous Truth, it has unknowingly been requalified and charged with all kinds of limitation.

Another of the great mistakes that individuals make, is in taking entirely too seriously, the outer appearance and by that seriousness giving it certain power. For instance; a seeming accident happens and the great crowd of minds says: "Oh, that is awful," when it may be the best thing on earth for the individual and all connected with him.

The ideal of control would be for one to take the attitude, of always living in the poised restraint of the emotions. To the one who will do this, it will be a tremendous blessing.

THE LOVE STAR

Today, for the first time in two thousand years, the LOVE STAR, created and sent forth to this system of worlds by the Intelligence of the Great Central Sun, has begun to shed the Rays of Its Radiance upon the earth and today, the first Rays have touched the earth.

This Radiance was present at the birth of Jesus, also during His Ministry and withdrew at His Ascension. It has again appeared and will remain for more than a thousand years.

I assure you, this is an activity the astronomers will not detect with their physical instruments, but it is none the less tangible because of that; neither will there be any astrological records of it whatsoever.

Before, when this Star appeared, It held principally or dominant in Its Outpouring the Element of Love. This time, Its Radiance holds in perfect balance, Love, Wisdom and Power and is a part of the explanation of why we have said repeatedly, that the Christ Power will almost seem to intrude Itself, but only because of the quickening activity that has and will enter into the individual's consciousness.

This is why, those, who misuse the Great Energy and Privilege they possess, will find a tremendously quick reaction. This will become so observant that even the newspapers will speak of it, let alone the individual's recognition.

This, which I am voicing to you today, is broadcast o'er the land by Our Secret Radio of "The Middle Way." Why do I say, "The Middle Way"? Because, it holds in firm grasp the balance of the outer and Inner Activities.

All, who grasp and make sincere effort to utilize this, will find amazing experiences awaiting them, not for the gratification of any curiosity but for great rejoicing, that they at last recognize the use of their Supreme Heritage.

Those, who can recognize, that which has been stated relating to the Love Star and meditate on "It's Mighty Presence," will find themselves at times, as though held in the embrace of a Great Individualized Being. This will bring such a consciousness and sustaining uplift, that many times they will scarcely feel their feet touching the ground.

Do not misunderstand this statement. This will not make them less equal to cope with problems of experience, but rather the opposite, for this added Sustaining Power will often be of great astonishment to them. This is but a small illustration, of how tremendously the Power from the Love Star can be used to solve all things and make that solving permanent.

Furthermore, when the conscious Power of Divine Love is used to counteract and consume that which is unlike Itself, It is the Mighty Presence and Power of God acting.

E.W.B.—I saw the Rays from a Star focused

upon me, while resting, what was the Outpouring?

Answer: It was a mighty Reality and no mistake, because of the Incoming of this LOVE STAR, for you had been holding fast to the activity of Divine Love.

Why did I receive such a strong Current and Outpouring of Light, when I was calling for Divine Love as the healing action and also, when I use the phrase, "Venus, the Love Planet"?

Answer: Because you had been holding your attention upon the High Power of Venus, or the Great One who has charge of Venus. He already knew of this and was cognizant of the LOVE STAR.

For more than fifty years, the planets above the earth have been conscious of the Love Star, because Venus is the conscious assistance of the Power of Divine Love to the earth. This directing activity will affect many many things. It will cause a dissolving of the discordant element on this earth, and in no way will it intensify the disturbing reactions.

There are those who pray, beg and plead with God, when all about them, is all His Opulence to pour forth into their midst. They do not receive it because, they in their ignorance, do not know that it requires conscious preparation. Those, who do not consciously prepare themselves, will only receive a fragmentary part of that which those receive, who have made the preparation.

E.W.B.—What is the color of the Outpouring from the Love Star?

Answer: The activity of Its Light is almost like the play of a searchlight, in which you place be-

fore the lens various colors. Its own individual Color is liquid or molten gold, but the Controlling Intelligence is constantly qualifying It according to the demand in the various localities.

This is the first time Its Activity has ever played over all the earth. Two thousand years ago, Its Outpouring only included Judea, of which Bethlehem was the central focus.

E.W.B.—Will this Star pour out a still greater Power at Christmas?

Answer: Yes, because the consciousness of mankind is raised at Christmas and this, through long activity, has caused humanity to feel peace and a Radiance pouring through them at this time of the year. So it is a tremendous opportunity to utilize any additional force that is at hand.

E.W.B.—Was this the Star that lead the Three Wise Men?

Answer: No. The Star visible to the Wise Men was a Radiance from the Divine Self of Jesus, which at the moment of the Ascension caught up the outer form in Its Eternal Embrace.

E.W.B.—Was Jesus' manifestation to this earth, only a small part of His Work?

Answer: I think it well to give a much needed explanation, which your question brings out. According to the intensity of the individualization of every Great Master Presence, does that One draw from the Great Foundation Head all the Power, Authority, Wisdom, Love and Activity that is required at a given point of action.

The question might readily be asked: "Why did the Star appear to the Wise Men, so-called?

Answer: Because in a previous dispensation, They had been Associate Messengers of the Light

I AM GROUP

and Their recognition was indispensable to the work that was to be done.

You will notice, that there were three Wise Men and Jesus made four, which was the Cosmic "Squaring of the Circle" for that dispensation on earth. This enabled that activity to take place without interruption.

There are those questioning minds, who will say: "If God is ALL and Omnipresent, why are these manifestations mentioned of added assistance?

Answer: Because of all the fears, doubts and unbeliefs of the outer shell, built up by humanity. Thus, they would have far delayed the Cosmic Progress intended, by the use of their own free will. This Cosmic Progress must and does at all times come through on Cosmic Schedule.

An individual on his upward progress, without the Assistance of an Ascended Master, may poke along indefinitely, not knowing that he may reach up and through his "Mighty I AM Presence," contact those Great Ascended Masters, who have won the Eternal Victory over the earth and its activity.

One of the great Privileges and Provinces of the Ascended Host, is to aid those, who discover Their Presence and the great masses of humanity who do not; but those, who do not have the certain knowledge of Their Presence, can only receive a fractional part of that which comes to those, who do have certain conscious knowledge of Their Existence and Assistance to the earth.

Again, let me call the attention of the students to the Truth, that in looking to an Ascended Master for assistance, it is exactly the same as looking to your own "Mighty I AM Presence," except that Those, who have passed the way and attained full

Victory and Mastery, have the conscious knowledge of that Victory, with which to assist the one not yet ascended.

The following is a point very little understood and so often creates fear on the part of the student, concerning the "Masters of Light": The Masters at no time intrude themselves in any way upon the individual, but do respond in a wonderful manner, when the attention of the student is focused upon them. Their entire work with every individual, be he conscious student or not, is to help him FEEL a much quicker and more personal contact with his own "Mighty I AM Presence," his Divine Master.

When a student is fortunate enough to have conscious knowledge of the Ascended Masters of Light and Wisdom and works with them in conscious co-operation, it enables him to easily accomplish in one, two or three embodiments, what might otherwise take twelve or more to attain.

Then, is it not worth all the conscious effort and determination it takes to hold fast to these Great Ones and Their Teaching, to keep from poking along and waiting for the Great Cosmic Activity to prod one along and propel him forward, to the place where he should be?

There has been a great lull in the activity of occult students in the last forty years, because many in the outer groups and some on the Inner, did not receive the visible manifestation and expression they desired. The principle reason is, because as stated in UNVEILED MYSTERIES, many activities of the old order of the occult world are being transcended and that which is transcended becomes obsolete for further use.

This may be a shock and cause a roar on the part of some occult students, so it is up to me to catch the roar and consume it, but that does not alter the Truth.

The dispensation or cycle, which required the secrecy of occultism is closing and we no longer need that activity. There was so much fear within the old activity and the progress of the age was such, that it required the closest secrecy, concerning certain phases of the Law and even then, there were those who would turn and misuse it.

In the use of the Rays of Light, you have the Power to reveal without the danger of misuse, because that which the Light and the Figure of the Christ shows anyone, is for the blessing and service of Light and Love.

The Light reveals only that, for which the individual is ready; and any other idea concerning It, is but the imagination of the outer activity of the mind and is not the Truth from the "Mighty I AM Presence." The Light only recognizes Perfection and cares nothing about the outer foolish activity.

As the students hold themselves more and more in the Activity of the "Mighty I AM Presence," they MUST express more and more of Its Perfection.

I would add, that you consciously place within the Radiance of this Great Love Star, every discordant thing in your consciousness and world. Be conscious, that every discordant activity, individual and otherwise is caught within the embrace of this Mighty Radiance, until every discordant activity is erased and consumed. Every time the thought of such activity comes to your mind, know that it is consumed and that you do not have to repeat it.

Give your attention and adoration to the "Secret Love Star" and the Ascended Masters, for you cannot help but get a response—always.

Often the feeling of a band or something tight around the forehead, is a cap of Crystal Golden Light. It is placed upon the head of an individual, to hold steady a certain activity of the Radiance from your own "Mighty I AM Presence." At a certain point in every one's expansion of the Light, this is always done.

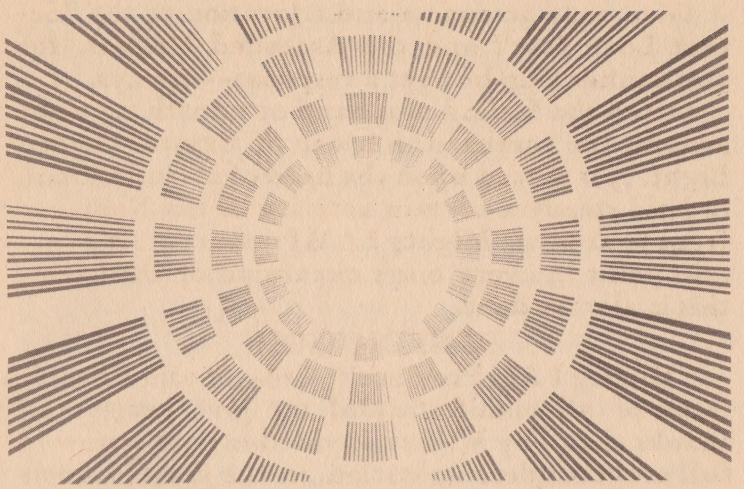
BENEDICTION

"Mighty I AM Presence"; Creator and Precipitator of all manifestation! we give praise and thanks that Thy Mighty Invincible Law is now in full and complete operation, in the consciousness of these, Thy Messengers, and that all feel the full import of this. Hold each in Thy Mighty Embrace unto the full conscious use of Thy Love, Wisdom and Power.

· AFFIRMATIONS ·

"Mighty I AM Presence"! take possession of my time forevermore and see that I use it only to expand Thy Perfection in every way.

"Mighty I AM Presence"! come forth and take possession of me! make and keep me always perfectly obedient to Thee and the Ascended Masters, that Thy fullest Perfection may forever express.



COSMIC LIGHT

THE Ascended Masters, through Saint Germain's Instruction concerning the "Mighty I AM Presence," are establishing Great Pillars of Their Light at various points in America to illumine, protect and supply, during the time of cataclysmic activity, those who serve the Light.

These Pillars of Light are Sanctuaries or Altars of Light direct from the Ascended Masters, for all who come into Them with full acceptance of their own "Mighty I AM Presence" and the Ascended Masters. The Light which forms these Pillars is a Mighty Stream of Electronic Force from the Great Central Sun, qualified with whatever the people need most for illumination, protection and freedom.

However, the people themselves must come into these Pillars of Light of their own volition, if they are to have Blessing and Protection, for the Light

does not seek out the individual. Human beings, having turned from the Light of their own free will, must return to It of their own free will, for their return to the Light must come about because they love the Light more than anything else in the Universe. Otherwise, it would not be permanent.

If human beings think they can use the Ascended Masters' Gift of Light and Freedom to bolster up some old method of teaching that is falling to pieces, because the Light which it had in the beginning has gone out, they had better never been born in this embodiment. They fail before they begin, if they attempt it.

We issue a definite warning to all who attempt to commercialize this teaching or prey upon students, who sincerely seek the Light, for the hour of reaction has already struck and only that which is True, Pure, Perfect and of the Light, "The Light of God that never fails," the Light of the Ascended Masters—can have protection, guidance and supply over the period of change.

The Ascended Masters are offering Their Light, Their Victory and Their Freedom—without limit—to assist every individual, who will sincerely turn his attention to his own "Mighty I AM Presence" and the Ascended Masters, and make definite determined effort to reach up and receive the help They offer.

The Great Ascended Masters plead with individuals everywhere, to harmonize their feelings and make the call to flood the earth with the Victorious Light of the "Mighty I AM Presence" and the Ascended Masters, but the people themselves MUST reach up and make the call, if they are to receive the answer.

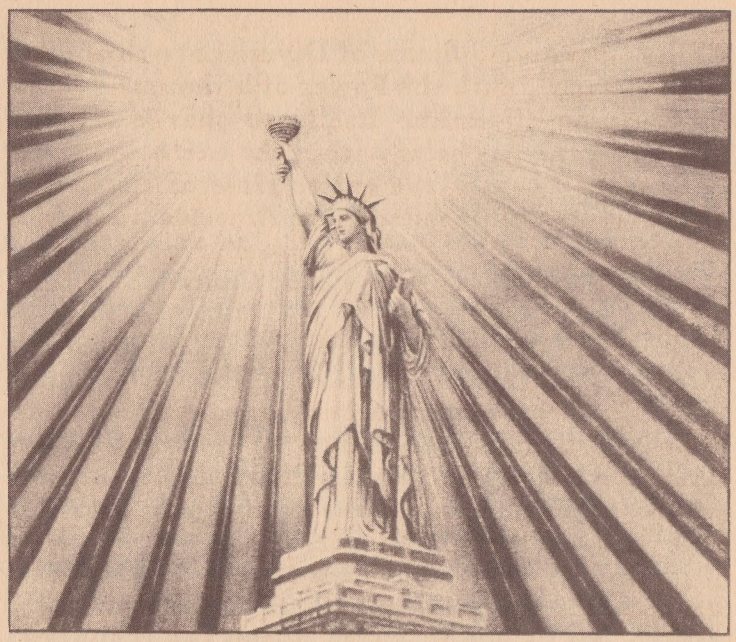
We are entering the hour, the day, the age of the "Mighty I AM Presence," which is the Perfection of the Limitless Shadowless Light. That Light SHALL flood the earth with Its Dazzling Radiance and Perfection and whatever cannot stand That Light is consumed thereby.

The Light of the "Mighty I AM Presence" and the Ascended Masters is increasing hourly, for It will soon take possession of the whole earth. The Light knows Its Own and releases unto Its Devotees, the Fulness of Its Gifts—the Perfection of Itself.

Every instant of Eternity, all activity of every individual depends on Light—Spiritual, mental and physical Light. Therefore, we ask every student of Saint Germain to call constantly to the "Mighty I AM Presence" and Ascended Masters to release greater, greater, and greater Light! Light! Light! NOW, NOW, NOW throughout the earth, in such a Mighty Onrush of Its Irresistible Perfection, that nothing else can stand before Its Mighty Presence and POWER, controlling forever mankind, the earth and all that is therein.

The Ascended Masters are the channels through which comes all Light, whether it be for the individual, state, nation or the earth. Only enough Light can help humanity and the world, in this the eleventh hour of its greatest struggle.

Oh, "Mighty I AM Presence," Great Ascended Masters! Oh, Mighty Legion of Light and Great Angelic Host! we call unto Thee as never before, to flood the earth with that Light as of a thousand Suns and release—everywhere—Its Glory and Perfection, for the Eternal Blessing of the Children of Light, the earth and all that is therein forever.



AMERICA'S PROTECTION

THE first of this coming July is a time of very great importance to America and the students of the "I AM," because another Outpouring of tremendous Light and Perfection, for the assistance of America, mankind and the earth, will take place at that time.

The sincere Self-controlled students of Saint Germain's "Instruction of the I AM and the Ascended Masters" are the Guardians of America's Light and the channels, through which she can receive the Ascended Masters' Protection.

Therefore, we ask all the "I AM Students" to call with great intensity for the "Mighty I AM Presence" and the Ascended Masters to release the

Violet Consuming Flame of Divine Love throughout the earth, with the Power of a thousand Suns to consume all unlike Itself; to charge all the energy in the gas belts within the earth with the Victorious Love of the entire Host of Ascended Masters: to sieze possession of America and hold it with Invincible Power; and to fill Her with the Eternal Perfection of the Great Central Sun forever.

This Instruction of the "Mighty I AM Presence" is focusing Mighty Pillars of Light throughout America, to be maintained and expanded as sanctuaries of protection and supply, for the blessing of America and the world. The students and the people themselves must reach up and make the call to their Eternal Source, the "Mighty I AM Presence," and the Ascended Masters, in order to draw an individual Ray of Light and Its Activity into their own bodies, auras, homes and activities. It is absolutely necessary, that the individual make the call for the projection of this Ray of Light into him and his world, because it is the means by which he is consciously moved into constructive activities and localities where the protective Power is and will be anchored.

Without the Ascended Masters' Marvelous Directing Intelligence and projection of these Rays of Light, the individual has not enough harmony within himself at this time, to enable his own "Mighty I AM Presence" to control him so that It releases the Full Power, which is needed, when world changes occur.

This is NOT a suggestion of fear, but is a definite offer of Invincible Protection to those who have the wisdom to listen to it and do the thing, which is needed to co-operate with the Great Law,

that the Ascended Masters explain and of which They are the Living Examples and Fulfilment.

The students through their group activities, are the Guardians who have been prepared at this time, to do the work that does give the needed protection. We ask all the students to make the following call with the greatest intensity of their Beings but with Limitless Joy in their feelings, for Joy is God's Mighty Motor of Energy and Power and releases instantly into dynamic action, the fulfilment of whatever call is being made to the "PRESENCE of the Mighty I AM":

"Mighty I AM Presence"! come forth in Thy Infinite Ascended Master Power and release throughout America and the earth whatever is required, to consume all selfishness of mankind—NOW: to flood the world with That Light which casts no shadow and compels all It contacts to become Its own Mighty Limitless Perfection forever: to charge forth the most dynamic instantaneous action of the Violet Consuming Flame and the Secret Love Star: and to fill all with the Eternal Joy of Thy Great Freedom."

Call the "Mighty I AM Presence" into action to inspire every public official to do the Perfect Ascended Master thing that blesses, protects and brings Perfection to America and her people—NOW! to charge their beings and worlds with Saint Germain's and the Divine Director's marvelous directing Intelligence and Ascended Master control of all concerning America.

We thank all the students of the "I AM" for their marvelous untiring assistance. We call the "Mighty I AM Presence" and Ascended Masters into action to shower them with the Limitless Gifts from God's Treasure-House to bless them forever.

SAINT GERMAIN'S EASTER BLESSING

SUNDAY EVENING CLASS · PASADENA, CAL., APRIL 12TH, 1936

OUT of the Fulness of your Love comes Eternal Freedom, qualified by your acceptance, your acknowledgment, and as you intensify It within your heart by the call to your Presence, do you find release and relief from human discord.

The privilege that stands before you, in calling Perfect Health into your body is transcendent beyond description, and I plead with you, Oh my Loved Ones, call with all earnestness. Know that your Presence is the Mightiest Healing Agent in the world.

When you make your call, It, knowing no obstruction in the Universe, at once releases Mighty Currents of Energy, pouring them through your

bodies, sweeping out the cause and effect of all that is discordant; and to the degree that you refuse to give power to appearances, will you find speedy release and relief from disturbing things.

I plead with you in all earnestness, be fully sincere in your call to your Presence! know that Its Majesty and Presence beats your hearts, for you cannot be separated from It and live. Know, that in the great great privilege that is yours, the open doorway to your Freedom stands before you.

In the activity that has taken place today, a service has been rendered, of which you will not know until years have passed. As you become more attuned to your "Mighty I AM Presence," and with the Inner ALL-SEEING-EYE begin to observe the path that has been strewn with destruction, you will see the advancement which took place today and it will give your heart joy, great joy.

Oh, my Loved Ones! how earnestly we endeavor to serve you, to sustain, encourage and supply you with that which the Law of your Beings permits, to give you every assistance possible, to gain your freedom through your "Mighty I AM Presence."

There is naught in the world that can deny you; that can prevent you all having your Freedom. Only you, yourselves, through doubt and fear can close the door to that Freedom. Being the only creators of whatever comes into your worlds, then remember your authority, your absolute ability to release from your Presence, through your call, the Outpouring and Glory of all that is required to supply you with money: to give you health: to bring joy and happiness into

your lives and worlds and cause all good to be sustained there.

Oh, my Loved Ones, from now until the Shrine Class, I shall expect to find transcendent advancement and the Light within you expand into such Fulness, that your very Presence becomes a Healing Radiance to all it touches. Your "Mighty I AM Presence" stands ready to release Light without limit and to answer your every call. Just be harmonious in your feelings and give It the opportunity, that you may receive the blessings in store for you.

Beloved Ones! can you not understand that as you pass this way, I too, passed this way in my pilgrimage upon earth, through the same trials which you have, and may I say, in that time in which my Freedom came, it was far more difficult than today. Those, who openly declared their belief and staunch stand with God, had little chance of surviving. In those days, most of the work had to be held in secret, in caves and chambers that the outer world knew not of; but today, almost broadcast to you, are these same Transcendent Laws given for your Freedom.

Think, what it means to you, Dear Ones! think, how great is that privilege and opportunity, through which you—today—can obtain your Freedom from all limitation—then your Ascension.

Do not let your human conceptions tell you these things cannot be, for they ARE! They have taken place here in your America since 1929, showing the Eternal Proof of that which stands in your midst, unknown to you.

So I plead with you! stand staunch and firm with that Majestic Presence which beats your

hearts, the Governor of the Universe. Through your earnest determination and call, with great sincerity, the release comes—pouring forth Its Perfection and Glory without limit for the Freedom of your worlds.

Bless everyone upon whom your attention becomes fixed and do not let yourselves criticise or condemn! for that closes the door to you as surely as you do it, causing inharmony so great that the flow of Energy is stopped; and that inharmony opens your door to destructive forces of which you scarcely believe.

So Dear Ones, do not let anything cause you to criticise, condemn or become angry, for if you do, you are actually destroying yourselves. I say with all the Love of My Heart, Beloved Ones, the "Crystal Cup of Light" stands before you! accept and drink of Its Eternal Life, Its Eternal Freedom and inhale the Fragrance of that Transcendent Radiance poured out to you like a Great Majestic Light, flooding your Beings and worlds, filling you with Its Glory. Accept the Fulness of It and be FREE.

My Love enfolds you. I hear your every call, and as the Law of your Being permits, I never fail to answer. Do not, I say again, give power to human appearances. Take away all power you have been giving things, conditions and persons to harm you. They have no power, If you do not admit it.

In the Full Power of My Love, I bless you, Oh Beloved Ones. May the Eternal Light which I pour forth so bless you, that you enter quickly into your Freedom and have the Glory which the Ascended Beings experience and the Freedom which is Theirs.

MASTER OR MASTERED?

THOUGHTS and words build forms which are made of substance. These are energized and set into dynamic action by feeling. If the individual—because he is the "Mighty I AM Presence" individualized, having full power to create as God creates—builds forms that are beautiful and Perfect, energizing them with the feeling of Divine Love, then he is Master of his world.

If the individual does not create Perfection, which is the Law of Life, then his own discordantly created forms turn upon him, dominate and tear him to pieces, until he purifies them and makes everything in his world beautiful and loving, that Perfection may be expanded through it.

Every individual each moment is either Master of the substance, energy and consciousness in his world, using them always to create Beauty and Perfection or is mastered by the creations which he brings forth, until he will take the Scepter of his own Dominion and expand Perfection at his point of the Universe. He is the "Mighty I AM Presence" individualized and must expand Perfection for IT is the Law of Life—unchangeable —eternal—yet beneficent.

It takes very little energy to think a thought, but in one intense outburst of feeling, the individual releases energy of which he has no concept. The average person does not know, whether his thoughts and feelings come from his "Mighty I AM Presence," his human personality, from some other individual consciously directing thought and feeling to him, from the tramp thoughts and feelings of the mass of mankind today or those generated by humanity in the centuries past, which are still floating and vibrating, through the atmosphere of earth.

Unless, the individual understands what constantly surrounds him and makes some conscious effort to insulate himself by the Rays of Light from his "Mighty I AM Presence," he is a wide open playground for anything and everything that touches his consciousness and world, only a small part of which is his thought.

His feeling, which is part of his consciousness, is left wholly unguarded, and as ninety per cent of his energy is in his emotional body, this great reservoir of power is constantly being depleted, because he does not control his feeling and keep his Life Energy qualified constructively.

Every individual is using consciousness, substance and energy and is creating vibration every moment, waking and sleeping—whether he be wise or ignorant, good or bad, willing or unwilling. With every thought, feeling, word and act, he creates vibration. Whatever quality it contains, records first, in his own brain cells, next in the flesh of his body, then in his aura and affairs and at last, travels forth in the atmosphere to some definite objective or radiates out into the conditions surrounding him.

I AM GROUP

All discords of the outer activity are but rates of vibration, which means energy in motion. All rates of vibration can be controlled by the "Mighty I AM Presence." The human intellect and sense consciousness can only generate the lower vibratory actions and these can only be experienced by the human personality.

The vibratory frequencies of Light and Love can only be created by the "Mighty I AM Presence" and are the only rates of vibration, or radio waves, that can insulate or tune the consciousness of the individual out of the hypnotism of other human being's discordant thoughts, feelings, words and acts and their accumulation past and present.

Light and Love are the only vibratory frequencies that those, who do not serve the constructive way of Life dare not use, for to do so would be to annihilate their own nefarious activities.

Hypnotism is the domination of the human consciousness of one or more individuals, by the mere mental force of another individual or group. It acts by the power of suggestion through thought, feeling and spoken word.

Hypnotic control of an individual is very much more easily obtained, through the feeling than through the thought, because people do not know that this is possible and how it is accomplished. Most of mankind resent being dominated by the thought of another, but human beings are constantly being dominated through the feeling of discord, and because they do not see the cause that produces the feeling, allow it to control them to their distress and destruction.

Hypnotism through the feeling holds the mass

of mankind in bondage, because feeling is consciousness and the feeling of fear and uncertainty is the predominating consciousness of humanity today.

Any activity, that can stir the individual's consciousness into a disturbed feeling, is dominating him and his world and thus, using and controlling his Life and Energy as long as the individual allows that feeling to control him.

Anything that can disturb the feeling of an individual is stealing his Life's Energy to sustain itself, until the individual takes command of and holds control of his Power-House, which is his emotional body, and masters himself forever.

When he realizes what a tremendous reservoir of energy is his to use at any instant, and that pure joy is a Mighty Motor which generates limitless energy for his conscious direction, he will begin to glimpse his infinite possibilities and make the supreme effort to master himself.

Mankind is in its present condition, because it does not know that the individual must stand guard over all the energy in his being and world; and that he is responsible for the way he uses it—even for the energy he draws from the Universal through breathing. We should all realize deeply, that every breath we breathe is the Great Fire-Breath of Divine Love from the "Almighty I AM Presence."

Everyone uses tremendous energy all the time, waking and sleeping in every thought, feeling, word and act—infinitely more than we have any concept. All Life is a constant, infinite flow of energy, which the individual must either use to create and expand Perfection or be dominated by his own discord and that of others, until he will

fulfill his duty and obligation to Life, which is Himself—his own Individual Consciousness.

All hypnotism, no matter for what purpose it is used, is disobedience to the Law of Life—the "Mighty I AM Presence," because it is the domination of individualized consciousness by mental force which intrudes upon the free will of the individual. The Law is to be an Outpouring of Light and Love to expand Perfection, through the individual's consciousness.

Everyone is given Mastery over all energy, most of which is in his emotional body. Until he knows that and controls it completely, he is using his own Life to energize and sustain the very conditions of mind and body which are his distress and limitation.

An actor, consciously and at will, can generate any kind of feeling he desires to portray the character that he is representing. So can any and every human being generate consciously and at will, whatever feeling he desires to send forth, when he really is determined to do so; and there is no power in heaven or earth that can prevent him, when he calls his "Mighty I AM Presence" into action to release the feeling of Itself and Its Mastery through him to produce Perfection.

Destructive forces can only exist and have activity, because human beings waste their Energy —their very Life—through uncontrolled and discordant feeling, instead of using It to create Perfection.

The energy wasted by humanity in useless conversation every day is enough to lift and illumine a planet and its entire humanity, were it conserved and qualified with Perfection. The motto used in the Retreats for the students to follow has

always been: "Speak only, when thy words are more golden than thy silence."

Without energy, no destructive activity can come into existance or continue. So if the students of the "I AM" will guard all energy in their Beings and worlds, using it only to produce Perfection and qualifying it always with the Ascended Masters' Pure Divine Love, they can positively be Master of all conditions they contact. Then, instead of compelling by the mental force of the human will, as is the hypnotic practice of all destructive activity, they become Outpourings of such Mighty Perfection, that nothing can resist the Mighty Onrush of Its Presence and Power.

Therefore, the "Mighty I AM Presence" is the Law of Life and Its Conscious Application is obedience to the Activity of Divine Love, which means expanding Perfection, through all activities of the individual.

Thus, when all the energy flowing through the individual is sent forth with the command to produce Perfection, the "Mighty I AM Presence" is allowed to expand Its Light and Love and the Divine Plan for the individual is fulfilled.

The one who is determined enough to do this cannot lack for any good thing, because he becomes the limitless expansion of Light and Love—the fulness and limitless use of ALL good things to his Eternal Joy and Freedom.

This is Victory over all outer activity, Freedom for the individual everywhere he goes in the Universe, and the Ascension of the substance of this earth through the individual's own effort, into the more luminous activity of the Great Galaxy of Suns to which this system of worlds belongs.

· WARNING ·

To the students under this Radiation, we wish to give a warning for their protection and it is this: "Do not believe in or allow yourselves to be preyed upon by individuals, who come forth at various times and approach the students, offering to take them to any of the REAL RETREATS of the Ascended Masters.

When the student is ready to be received into the REAL RETREATS, the Master of that student will precipitate an invitation direct to the student, or come Himself in His Ascended Body to be the student's escort. The invitation will NEVER COME THROUGH ANOTHER PERSON. THE MASTER ALWAYS DOES THIS DIRECT HIMSELF.

No student of the outer world can ever get anyone into the REAL RETREATS of the ASCENDED MASTERS and money will never get anyone there—under any circumstances.

We explain this clearly, that the students may not at any time be fooled by those who are either self-hypnotized or dupes of the psychic sinister forces that masquerade under the guise of having the Light, and who play upon the credulity of sincere individuals, who are TRULY seeking the Light.

Many sincere individuals have unknowingly played into the hands of these unscrupulous individuals, who have made such offers at various times in our country and to even take students to other countries. Such things do not have our approval at any time and are not Ascended Master Activities.

When an Ascended Master is ready for a student to come to one of Their Retreats, He will either come in person in such Light, Glory and Dazzling Radiance about Him that there will be no uncertainty as to His Mighty Reality: or He will precipitate an invitation to the student direct from Himself in such a manner, that the student knows it is absolutely REAL.

Unless the student is approached in this way, never under any circumstances believe in or trust the miscellaneous variety of individuals, who promise to take students to a retreat for so much money.

The Ascended Masters' Activity never was and never can be bought for anyone's dollars—at any time—and the students all over the world should be made unmistakably aware of this TRUTH—NOW AND FOREVER.

· WE ASK THE WORLD ·

We ask the world, and individuals everywhere, if they have ever contacted any outer activity whatsoever—at any time through the centuries—that uses the Limitless Energy of God ALL THE TIME to call the "Mighty I AM Presence," the Ascended Masters, the Legion of Light and the Great Angelic Host into irresistible dynamic action to give every individual on earth the Blessings, Protection, Illumination, Freedom and Supply of the Ascended Master.

We and the student are constantly doing this for the students, mankind, America and the world and ask nothing in return.

We call unto the "Mighty I AM Presence" as never before to release that "LIGHT AND POWER AS OF A THOUSAND SUNS" to flood the earth with ITS ETERNAL PRESENCE AND DOMINION, that ALL may experience the Ascended Master's Victory, Freedom, and Perfection forever.

We ask ALL who stand for the Light, the Right and the Constructive Way of Life to do this also, that the most powerful release may take place for the Freedom of ALL.

"THE LIGHT OF GOD NEVER FAILS" and this Instruction, which the Ascended Masters have given on the "Mighty I AM Presence" and the Ascended Masters, is That Light. Reach up, Oh Beloved Humanity! and receive from the Mighty Treasure-House of the Universe ITS LIMITLESS ETERNAL GIFTS OF PERFECTION. WE BLESS ALL—FOREVER.

"I AM" STUDY GROUPS

BELOVED Students! when you mention the Great Ascended Masters, the Mighty Cosmic Messengers, the Great Angelic Host, the Beings from out the Great Silence and the Legion of Light, be intensely loving and reverent in your reference to them.

The use of Their Names releases, instantly, a great outpouring of tremendous Energy into dynamic action, qualified by Their Ascended Master Consciousness, for They are Great Suns of Life, Light and Love, ever expanding Perfection, through all who contact Them in deep loving sincerity, desiring to receive Their Greater Light.

This does not mean that we are to be long-faced, serious and sanctimonious, but it does mean to give Them the True, loving, gracious consideration to which They are entitled.

When we use things of great value in the outer world, we go to very great effort to guard them and do all humanly possible to take the best care of them, treating them with very great consideration.

How much more then, should we guard and value the actual Life, Energy, Consciousness and Substance which an Ascended Master gives, that humanity may be saved from their own destruction and blest with the joy and Perfection of these Great Ones.

Study Groups should be Heart Centers of the

Light and Love of the Ascended Masters, through which, They can pour to America and the world —at any moment—whatever is most needed, to purify the mental and emotional world of mankind and to maintain peace and Perfection in the activities of individuals everywhere.

Each student should keep himself so at peace, that the Ascended Masters' Radiation can be poured out through him at any moment, for the assistance of all he contacts, whether he knows when the Master is doing it or not. We should each be a constant flowing stream of peace, poise, ease, kindly assistance and gracious loving blessing to all that is.

Then, we are truly serving the Masters, in the way that is most needful and really assisting mankind enmasse, to reach their freedom in the shortest time.

Calm, poised, kindly, loving feeling—pure as the driven snow—is the most powerful assistance to mankind, yourselves, the Ascended Masters and the world. Without that kind of feeling, all outer effort for accomplishment is absolutely worthless to the "PRESENCE," the Ascended Masters or ourselves and is but a waste of time, energy and embodiment; because such outer work does not take us one step nearer our Ascension.

We might use all our energy to produce marvelous outer accomplishment, wonderful organization and management, but if the energy used does not expand the Presence, Feeling and Perfection of Divine Love, it is not being used to fulfill the Divine Plan of Life. Therefore, nothing that is built or accomplished without the FEELING of Divine Love can be used by the PRESENCE or the ASCENDED MASTERS.

Only activity which releases the FEELING of Divine Love, allows the Presence to expand Its Perfection through that activity. If the FEELING of Divine Love is maintained, the Perfect Ideas from the Presence will automatically be sent through into the use of the personality.

This is why the Great Ascended Masters plead with mankind continually to harmonize the FEELINGS, that They may bring into the use of the personality in the outer experience life all the Blessings, Freedom and Perfection which mankind is and always was intended to enjoy.

Saint Germain has said often: "Be as faithful as you can to the healing of physical distress, but keep your Inner Eye on the healing of the wounds of hate."

May every "I AM STUDENT" remember that forever and call to the "Mighty I AM Presence" and the Ascended Masters to release Their Divine Love, with such Irresistible Power into the consciousness of mankind and the earth, that Its Victorious Presence rushes forward—with the speed of lightning—and sweeps the earth into Its Mighty Embrace of Perfection forever.

· AFFIRMATIONS ·

"Mighty I AM Presence"! charge me always with the Ascended Masters' clear alert Consciousness and Perfect Concentration in all my activities.

"Mighty I AM Presence"! clear my being and world of all human habits and express Ascended Master Freedom in everything I think, say, feel and do—forever.

BELOVED Young People of America! we plead with you to guard your feelings against all discord and learn to conserve your energy in every way. If you will do this, you will maintain your youth, beauty, health and strength in mind, body and affairs—indefinitely.

You are a tremendous reservoir of energy, which becomes power through use, when consciously directed to produce Perfection.

If you will watch this carefully now, you need never grow old, forgetful or incapacitated in any way; for incapacity of any kind—be it physical, mental, emotional or spiritual is simply the lack of controlling the energy, and substance in your mind, body and world. Instead of consciously focusing it to produce Perfection, it is allowed to be scattered, wasted or consciously directed to produce discord.

With your acceptance and understanding of the "Mighty I AM Presence," you do not need to repeat the mistakes, limitations and failures of old age, death and destruction, as has been the habit of humanity in the past. Instead, you can experience the Glory and Perfection of the Ascended Masters and be an Outpouring for Their Marvelous Directing Intelligence, to release Its Perfection everywhere through mankind and the earth,

to the joy of all and the Freedom and Victory of yourselves.

This opportunity is one of many centuries and every young person in America should be a radiant, glorious, joyful Being of Perfection to design and bring forth the transcendent marvels of the New Age, we have now entered.

Precious young people of America! we greet you everywhere. Those of you, who know the "Mighty I AM Presence," are the "Light Bearers" for America and we bless you hourly with the Ascended Masters' Protection, Illumination, Supply and Perfection, that America may be filled to overflowing with your limitless joy, Light and Perfection forever.

THE TRUE LORD'S PRAYER

OUR FATHER THOU ART IN HEAVEN, HALLOWED IS THY NAME (THE I AM). THY KINGDOM IS COME, THY WILL IS DONE ON EARTH, AS IT IS IN HEAVEN. THOU GIVEST US THIS DAY OUR DAILY BREAD AND FORGIVEST US OUR TRESPASSES, AS WE FORGIVE THOSE WHO TRESPASS AGAINST US. THOU LEADEST US NOT INTO TEMPTATION BUT DELIVEREST US FROM EVIL, FOR THINE IS THE KINGDOM, THE POWER AND THE GLORY FOREVER.
